The Future of Money in the Digital Age

Peterson Institute, Washington
(2019-10-16)

Stefan Ingves
Governor

A vision for the future payment system

- Real-time large-value- and retail payments in SEK, central bank money 24/7/365
- Real-time retail cross-currency payments in central bank money 24/7/365
- Definition of legal tender suited for the digital age
- Central bank digital currency that is legal tender
- Government digital identification service
- Physical cash should be stored as a contingency measure
